Mr. Tiran Allas,

Minister of Law & Order and Public Security,

Ministry of Law & Order and Public Security,

Colombo.

Dear Mr. Allas,

**REQUISITION FOR ENHANCED SECURITY ARRANGEMENT FOR ME AND MY FAMILY**

I write with a feeling of total dismay and astonishment as I am yet to receive any kind of feedback for my letter to you dated 24<sup>th</sup> August 2024 on the incidents that took place targeting my residence with an ulterior motive of harming my family and me.

If I may update you briefly I have not yet received any response to my couple of appeals asking for enhanced police protection (armed) as the threat to my family and me looms larger day by day while our law enforcing establishments and officials give deaf ears to my plea.

In this hapless situation and backdrop, I happened to listen to yet another chilling revelation by a person named **Ajith Dharmapala**, ( **Head of IODPP Police, as he claimed** ) **currently living in the UK, and operating his U Tube channel**, revealing that Army Intelligence is conspiring to launch an attack on me for reasons better known to them, and then put the blame on the attack on NPP (National Peoples' Power) after 18<sup>th</sup> September 2024.

I believe this has to be taken very seriously as the Presidential Election is now around the corner and someone (or a group) is desperate to achieve his/their sinister objectives exploiting the existing environment in the country. That means they (**conspirators**) have selected me as the 'sacrificial lamb', which of course you too know is a horrible objective.

I though do not want to waste your time, wish to draw your immediate and strong inquiry into this latest disclosure and liaise with the relevant officials in unveiling the truth behind this, and take action to protect my family and me without any further delay, as the clock is ticking faster than you and I think.

I am confident that at least this letter will meet your attention as a matter of 'Priority' since it is linked directly to the lives of my family and me.
